Why do I Need a Debris Management Permit?

This Ordinance applies to construction, demolition, or renovation projects, 40,000* square feet or greater in the unincorporated county of San Diego. If you are building a phased residential or commercial development, the 40,000 square feet applies to the total proposed build-out of the project. *In measuring the square footage of a project each floor of the building shall be counted, not just the building's footprint.*

Is the maximum build out of your individual project 40,000 ft² or greater?

Yes PERMIT REQUIRED

No See next line.

Tract Development:

Is your project a model or phase that *is part of* a of a tract home development that has a maximum build-out greater than 40,000 ft²? (disturbs more than 1 acre of land)

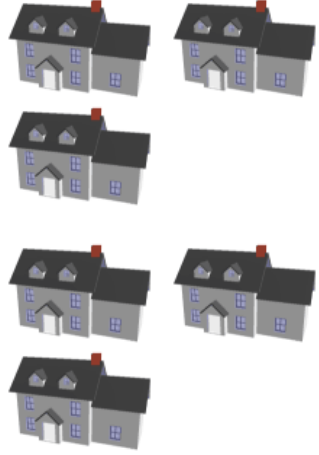

Yes PERMIT REQUIRED

Commercial Development:

Is your project a commercial development for a condo conversion, apartment complex, time share, or condominium that has a maximum build-out greater than 40,000 ft²?

Yes PERMIT REQUIRED

Example: Master Tract Permit "1012" with build out of 55,000 square feet

Model Phase – "1013" Plan Check	Phase 2 - Permit type "1015"
 <p>Model #1 Model #2 Model #3</p> <p>Total square feet: (3 X 5,000 ft²) = 15,000 ft² Performance Guarantee = \$3,000</p>	 <p>Total square feet: (6 X 5,000 ft²) = 30,000 ft² Performance Guarantee = \$6,000</p>
Phase 1 - Permit type "1015"	
 <p>5,000 ft² 5,000 ft²</p> <p>Total square feet: (2 X 5,000 ft²) = 10,000 ft² Performance Guarantee = \$2,000</p>	

If after reading the compliance criteria above, you still believe your project still does not apply, please fill out the *Request for Exception* on the other side.

The Solid Waste and Planning Section in the Department of Public Works will review the completed form and determine the exception status within 10 working days.
